

AMPERES CD-1002

DUAL CHANNEL INTEGRATED PLAYER

CD1002 is a new compact media player or all in one media player in 1 hu height. It incorporates various players such as CD audio / DVD, dual USB ports, FM tuner and also Bluetooth connectivity for playback of music from mobile devices.

It is suitable for rack installations as well as standalone media player for gyms, boutiques, retails, restaurants etc. With its dual outputs, which allow simultaneous audio playback, it can be used for matrix setup, in which different music shall be broadcasted to different areas. It is built with 1 hu height, thus providing rack space savings.

CD1002 is definitely the wiser choice for your BGM media player, a compact and lasting device.
